PROJECTS

Feedback Management System

📅 06/2022 - 05/2023   📍 Location

Developed a web application regarding the feedback of students upon faculty and rapid changes that allows Higher authorities for quick decision making.

• What was a successful outcome of your work? (e.g. Raised $3,000 for the charity)

Student Management System

📅 08/2021 - 05/2022   📍 Location

Developed a mini web application for students that helps login and preview of their activities and personal data along with major announcements and alerts by college authorities

• What was a successful outcome of your work? (e.g. Raised $3,000 for the charity)
